SUMMARY

Motivated and fast-learning Full Stack Developer with hands-on experience building modern web applications using the MERN stack. Skilled in frontend and backend development, REST APIs, responsive design, and problem-solving. Currently seeking an internship opportunity to apply my skills, gain real-world experience, and contribute to a development team.

WORK EXPERIENCE

MERN Stack Trainee | Geeks Institute

- Completed intensive MERN stack training, covering MongoDB, Express, React, Node.js. **Aug 2025 - Nov 2025**
- Built real-world projects including e-commerce apps and portfolio websites.
- Gained experience in frontend & backend development, REST APIs, JWT authentication, and responsive design.
- Collaborated on team-based projects, improving problem-solving and version control skills.

Self-Taught Developer | Personal Projects

- Built multiple small and medium MERN applications. **Nov 2025 - Present**
- Improved skills through continuous practice and project-based learning.
- Applied industry best practices such as clean code, version control, and component-based development.
